Collect Sales panel with glass shelves

Assembly instruction:

1. Loosen suspension rail from back side of panel.
2. Mount suspension rail to the wall, top edge of panel 200 cm from floor. Observe vertical and horizontal alignment.
3. Hang on panel onto the suspension rail.
4. Push plastic buffers at top and bottom of clamping shelf supports (A).
5. Mount clamping shelf supports onto the predrilled mounting points at the panel, by this insert tooth plate (B) between clamping shelf support and wall. Tighten screws (C) 4,5 x 25 mm only tightly.
6. When all clamping shelf supports are mounted align them horizontally and tighten the screws.
7. Put glass shelves into clamping shelf supports and align for same distance to panel edges.
8. Secure glass shelves by hand-tighten of screws (D).
9. Load capacity of glass shelves. 20 kg.
